

### **Observations on Arazi**

A close relation to Varick, matings with his daughters create inbreeding to Dinner Partner and a sex balanced duplication of Raise a Native.

Serheed, sire of Northerly, is also from this family. A son of Nijinsky II, mating his daughters with Arazi gives sex balanced inbreeding to both Native Partner (daughter of Dinner Partner) and Northern Dancer. It is significant that Northerly is bred on a duplication of Dinner Partner through the provision of yet another family member, Jim French.

Nijinsky II also works very well with Arazi's sire Blushing Groom, so mares from this line will be welcome. Arazi's second damsire Le Fabuleux is from the family of Wilkes.

Inbred to Wild Risk from the QUIVER family, it would be interesting to try Nediym mares with Arazi. His son General Nediym is bred on a duplication of Right Royal, another QUIVER family member. Nediym also creates a sex balanced Northern Dancer duplication with Arazi.
