

PEDIGREE DYNAMICS

BARATHEA

Common patterns of inheritance are already coming to light with this promising young sire.

Easy Rocking, whose sensational win over 1000 metres in the San Miguel Challenge Stakes (Group 2), is the result of a mating carrying linebreeding to some elite female ancestors.

Barathea's great great grandsire Nearctic traces to PRETTY POLLY. In Easy Rocking's pedigree, Pretty Polly family member **Luthier** is introduced, being grandsire to Twiglet. Barathea's two other Australian stakes performers also possess Pretty Polly members through their dams. Cloth of Gold has **St. Paddy** and two lines of **Donatello II**, while dual stakes placegetter Porto Roca has **Robber Prince** as her dam's second damsire.

Suitable broodmare sires carrying one or more lines to Pretty Polly include **COUNTY, DIEU D'OR, MAIZCAY, TWIG MOSS, VAIN, PRINCE ECHO, JUNGLE BOY, RUBITON** and **EUCLASE**.

Easy Rocking also has a buildup of linebreeding to another famous ancestress, **MARCHETTA**. Barathea contributes two lines of Turn-to to Twiglet's Marchetta descendants **Klairon** and **Alycidon**. Cloth of Gold has another line of **Turn-to** plus **Imperial Seal**, while Porto Roca has **My Babu** as her Marchetta family representative.

Marchetta can be sourced through broodmare sires such as **IMPERIAL PRINCE, VICTORY PRINCE, TIERCE, CENTURY** (and sons **RUBITON** and **EUCLASE**), **TWIG MOSS, BRIEF TRUCE, TERRENO** and **CHERAW**.

Another family reinforcement common to both Easy Rocking and Porta Roca's pedigrees is that tracing to **SUNSHOT**. Represented by Bold Reason in Barathea through Sadler's Wells, Sunshot appears in Easy Rocking's dam through descendant **Solferino**. In Porto Roca, Sunshot's reinforcement is through Bold Reason's half brother, **Never Bend**. Other sources of Never Bend include mares by **DON'T SAY HALO, HULA CHIEF, SWITCH IN TIME** and **RIVOTIOUS**. **GRAND CHAUDIERE** is also from the Sunshot family - he is damsire to the successful Australian stallion, **SNIPPETS**. Sadler's Wells is from the same family as **GEIGER COUNTER, Thatching** (sire of **ARCHWAY, SHALFORD** and **RUSTIC AMBER**), **Val De Loir, Lorenzaccio** and **OPEN DAY**.

Barathea's damsire Habitat is a member of **Dancer's Image's** family. Daughters and granddaughters of his son **GODSWALK** should create an effective cross. Sex balancing

Habitat by providing him through a son in the pedigree of a broodmare can also be effective. Cloth of Gold is bred on a sex balanced 3 x 3 Habitat cross.

Other proven linebreeding patterns that can work for Barathea include the provision of **Secretariat** to compliment his half brother, Sir Gaylord. Dual Group One winner Grand Lodge is bred on a Secretariat / Sir Gaylord cross. **KINGSTON RULE** is a son of Secretariat. **SUPER GRAY** is also from this family.

Barathea's third damsire Nimbus is a half brother to the great speed influence, Grey Sovereign. He can be found in broodmare sires such as **KENMARE, SOVEREIGN EDITION, RAFFINDALE, PLUSH, ROYAL YACHT, ADRAAN, FRANCIS BACON** and **CURRAVILLA**.

As a grandson of Northern Dancer, Barathea is also compatible with the **Raise a Native - Mr. Prospector** line, such as mares by **BELLOTTO, GEIGER COUNTER, EL MOXIE, PROTOS, RAISE A CUP, CLEAR CHOICE** and **UMATILLA**. Mr. Prospector's sire Raise a Native is grandsire of the dam of Barathea's stakes winning daughter, Viva La Diva.

Star Kingdom line mares have a great record of compatibility with the Northern Dancer line. **MARSCAY** in particular looks good with Barathea – his stakes placed daughter Barawana is out of a Marscay mare.

The **Halo** line is also desirable for Barathea. He is accessed through **DON'T SAY HALO** and **RIVOTIOUS** mares, with several young Halo line sires ready to start providing broodmares in the next few seasons.
