

PEDIGREE DYNAMICS

W.A. BROODMARE SIRE COMPATIBILITY
“EUCLASE”
Century – Ruby

Analysis of the pedigrees of the stakes performers of both Euclase and Rubiton reveal some definite line breeding consistencies. The pedigrees of all of their stakes performers’ dams have at least one of the following linebreeding features:

- Members of the PRETTY POLLY family (reinforcing Seventh Hussar) – such as Donatello II, Nearctic, Sind, Luthier, Great Nephew, Indian Hemp, Romantic, Supreme Court, Arctic Explorer, Foolish Pleasure, Marsayas, Only For Life, Vienna and St. Paddy
- The MARCHETTA family (reinforcing My Babu) – such as Klairon, Alycidon, Turn-to, Atilla, Sayani, Acropolis, Agricola, My Babu, Imperial Prince, Ambiorix and Irish River
- Tudor Minstrel (creating a duplication)
- Vilmorin (creating a duplication)
- Sex balancing of Star Kingdom is also found. There have been no stakes performers with a duplication of Star Kingdom through two sons.

Prominent Western Australian based broodmare sires whose pedigrees appear to offer compatible elements to Euclase include:
