

Half Hennessy

Half Hennessy makes a very interesting mating with daughters of his tail female relations such as Maizcay, County, Dieu D'Or and in future, Catbird. Further back, this is the family of Donatello II, Nearctic, Foxbridge, Gold Sovereign etc which will also be valuable in matings with Half Hennessy.

Relko (second damsire of Half Hennessy) is closely related to Curravilla, Match II and Reliance, who appears in the pedigree of Kris, Keen and Diesis.

Todman can be exploited by providing his brothers Noholme II, Shifnal or Faringdon in mares.

Half Hennessy carries two Hyperion / Mahmoud crosses and it would be a powerful tactic to introduce another instance of this nick by more Northern Dancer or even Halo, who carries Hyperion's half brother Pharamond over Mahmoud.
