***BROODMARE SIRE COMPATIBILITY***  
***JADE ROBBERY***

A great grandson of the prepotent mare, Thong, Jade Robbery comes from the family which has produced an astounding number of successful sires headed by the two of the world leaders Sadler's Wells and Nureyev. Fairy King, Perugino, Geiger Counter and Yeats are also well known to us while Thatching, Thatch, Lorenzaccio, Apalachee, Open Day and Ridan are perennial features in many successful pedigrees.

Outstanding racehorses carrying multiples of this line (via Thong and/or her ancestor Goody Two-Shoes) include the Prix de l'Arc de Triomphe winner Helissio; the Champion 3 Year Old Colt in Japan, El Condor Pasa; the U.K. Champion at three and four years, Saddler's Hall; and less recently, Thatching, the Champion Older Sprinter in Europe at four years.

A Group One winning product himself, Jade Robbery has already proven his prepotency in Japan. With extremely limited access in Japan to broodmares carrying Thong, Jade Robbery has already produced a stakeswinner carrying Thong through his dam. This augers extremely well for his stud career in Australia, where access to this line is very easy.

Linebreeding to this family in matings with Jade Robbery can be created by the use of broodmare sires such as **ZABEEL**, **SADLER'S WELLS** (sire of Australian based sire **SCENIC**), **FAIRY KING**, **TATE GALLERY**, **THATCHING** (sire of **ARCHWAY**, **SHALFORD** and **RUSTIC AMBER**), **YEATS**, **LORENZACCIO** and **OPEN DAY**.

This son of Mr. Prospector can expect to cross effectively with most **NORTHERN DANCER** line broodmare sires – another feature which will make him very popular with breeders in Australia. Several stakes winners from his family, most notably Sadler's Wells and Nureyev, are bred on this cross.

Mr. Prospector line stallions have produced at least 30 stakeswinners with mares carrying **STAR KINGDOM**. The Canadian Champion Sprinter, Canadian Silver is by Geiger Counter (Mr. Prospector – Thong) out of a granddaughter of Star Kingdom's son, Noholme.

The presence of the great Nijinsky II as Jade Robbery's damsire opens up another wide avenue for compatibility. Both **ROUND TABLE** and **SIR IVOR** are successful crosses with Nijinsky II. Both can be found in the pedigree of mares by **SIR TRISTRAM** and his sons, making this a particularly appealing cross. Storm Bird also has an excellent

record with Nijinsky II, bringing in mares by **BLUEBIRD**, who also carries Sir Ivor. **PALACE MUSIC**'s sire The Minstrel, is a three-quarter brother to Nijinsky II. The **BLUSHING GROOM** line, another 'nick' with Nijinsky II. Mares by **QUEST FOR FAME**, **NASSIPOUR** and **TAWFIQ** are examples.
