BROODMARE SIRE COMPATIBILITY
“LORD DANE”

Vain and his sire **Wilkes** are working well with Lord Dane’s sire, Danehill. Danehill has several stakes performed progeny, including Ha Ha, Danelagh, Aquiver and The Golden Dane, who carry Vain or Wilkes in their dam’s pedigrees.

Sir Tristram also has a favourable strike rate with Danehill. Group One winners Nothin’ Leica Dane, Danske, Dane Ripper and Blackfriars plus Group One placed Dangerous are examples.

Sir Tristram’s son **Sir Lustrious** is out of a Pakistan II mare – he is a close relation of Alibhai, who appears twice in Lord Dane. **Lomond Bay** also carries Pakistan II.

Danehill’s damsire His Majesty is a close relation to Crowned Prince, sire of **Prince Echo** and damsire of **Zeditave**. This is also the family of **Whiskey Road**.

Danehill has produced a stakes performer, Danarich, from a **Haulpak** mare.

Duplicating **Northern Dancer** is also working for Danehill in Australia. Group One winners Redoute’s Choice, Johan Cruyff carry **Nijinsky II**, while Group 2 winner Happy Morning is out of a **Sadler’s Wells** mare. Triple Group One winner Flying Spur has Northern Dancer as his third damsire. **Halo** creates further linebreeding to Almahmoud..

The **Mr. Prospector** line has also had marked success with the Northern Dancer line. In Lord Dane’s case this could be particularly true, as he also creates a sex balanced duplication of the speedy Count Fleet when crossed with Mr. Prospector.

Lord Dane’s damsire Valid Appeal is a close genetic relation to **Medical Man**, both having Rough ‘n’ Tumble, Up The Hill and Alibhai within three generations. Daughters and granddaughters of Medical Man will have a distinct advantage with Lord Dane. **Hunka Papa** also carries Rough ‘n’ Tumble as well as reinforcing Count Fleet. Valid Appeal’s damsire Moslem Chief is from the family of **Secretariat** and **Sir Gaylord**.
