

Rubiton Notes

There are three main families which are of particular interest in matings with Rubiton.

He carries five lines to LADY JOSEPHINE in the form of Nasrullah, Badruddin, Tudor Minstrel and Fair Trial (twice). Reinforcement of this family is strong in all five of Rubiton's Group One winners. Family members most commonly represented in their dams were Nasrullah, Fair Trial and Royal Charger.

The PRETTY POLLY family is represented in Rubiton by Seventh Hussar while Baroda traces to a half sister to Pretty Polly. Group One winners Adam, Flavour, Monopolize and Ruby Clipper (SAF) all carry further lines to Pretty Polly through their dams. These individuals include Donatello II, Foxbridge, Supreme Court and Gratitude. Interestingly, Ruby Clipper is inbred to Seventh Hussar 3f x 3f.

Rubiton's great grandsire My Babu is also a key factor. From the MARCHETTA family, he is reinforced by fellow family members in the pedigrees of Flavour (Turn-to, My Babu and Alycidon) and Ruby Clipper (Klairon). The talented Innovation Girl reinforces My Babu through her dam.
