

PEDIGREE DYNAMICS

***SHORT ASSESSMENT AND
W.A. BROODMARE SIRE COMPATIBILITY
“SECOND EMPIRE”***

As a sire of sires, Fairy King is still virtually untried, however his brother Sadler's Wells and three quarter brother Nureyev are highly successful.

Second Empire is a close blood relation of the Champion 3 Year Old Filly of Europe, Salsabil. She is by Fairy King's brother Sadler's Wells, from a daughter of Welsh Flame.

Second Empire's grandsire Northern Dancer works very well with Star Kingdom and Mr. Prospector, which will stand him in good stead in Western Australia. Northern Dancer also works well with his close relation, Halo.

Fairy King's female line works very well when reinforced. Broodmares by Zabeel, Geiger Counter, Archway, Rustic Amber, Shalford, Yeats, Tirol, Lorenzaccio and Val de Loir carry this family. This family is reinforced in the mating of Fairy King's champion son, Helissio.

Fairy King's damsire Bold Reason works well with his half brother, Never Bend (in the pedigree of Is It True, Marooned, Ron Bon, Don't Say Halo).

Second Empire traces to ALOPE, who is also ancestress of such influences as Round Table, Alcide, Aureole, Imperialist, Gone West, Doutelle, Foxlaw, Atan and Tell (sire of Pompeii Court).

Prominent Western Australian based broodmare sires whose pedigrees appear to offer compatible elements to Second Empire include:

BLETCHLEY PARK

CONGRESSMAN

CORPORATE RAIDER

DON'T SAY HALO

FIMISTON

HAULPAK and sire sons

HIDEYOSHI

IFRAD

IS IT TRUE

Summary

Second Empire should be well suited with many of the broodmare sires found in Western Australia. With Haulpak and Star Kingdom line broodmare sires as a solid base, he also has several outside bloodlines, including three Halo line sires, to put to his advantage.
